Hillsborough Radiology Centers Operating Jointly

We are pleased to announce that **Hillsborough Radiology Associates** and **University Radiology** have partnered together to provide radiology services in the Hillsborough area. Both the former Hillsborough Radiology Associates imaging center and the University Radiology imaging center located on Raider Blvd. will join to form one entity known as “**Hillsborough Radiology Centers**”.

New Name:	Hillsborough Radiology Centers, LLC
New Tax Identification No.:	TIN 81-1491921
New NPI No.:	NPI 1912357674
Participating Provider for:	Previous insurance plans, except UnitedHealthcare and Oxford
Scheduling & Information for both Hillsborough centers:	908-874-7600

We are pleased that we were able to contract with virtually all previous insurance carriers in time for combining our operations, except UnitedHealthcare and Oxford. Despite several months of negotiations, UnitedHealthcare has been unwilling to provide fair and reasonable fees based on the market rates for radiology services. Therefore, Hillsborough Radiology Centers will become a non-participating provider with UnitedHealthcare and Oxford effective June 30, 2017. We will continue to be a participating provider with Horizon BCBS, Aetna, Cigna, AmeriHealth, and all other plans with which we have been previously contracted. We will continue to negotiate with UnitedHealthcare to try to reach a mutual accommodation, and will keep you informed of any changes in the relationship.

In the meantime, Hillsborough Radiology Centers is available to serve your patients on a non-participating status. We recommend that you direct your patients to the Scheduling Departments for: Princeton Radiology, (609) 921-8211 or University Radiology, 800-758-5545. We regret any inconvenience that this may cause to you and your patients while we strive to resolve this matter.

We are excited for the opportunity to bring our groups together to continue to provide the highest quality of care and services to the Hillsborough and surrounding communities.
